

HOBART and the REPA Group intensify partnership

Expanded first-class delivery of original HOBART spare parts across Europe.

Offenburg, Germany – The REPA Group is expanding its range of original HOBART spare parts for warewashing machines. This is made possible by a strong partnership with HOBART, the global leading provider of innovative warewash solutions. Customers will be able to buy the full range of original spares now not only from HOBART and its service partners but also from the REPA Group, a leading distributor of spare parts in Europe.

Alexander Wiegand, CEO of the REPA Group, explains: " We are very pleased about the partnership with HOBART and about the fact that we can expand our dishwashing program with the complete portfolio of original HOBART spare parts. HOBART is the world market leader for commercial warewashing technology and therefore very important in the REPA Group portfolio. Becoming an official distributor of HOBART is a sign of the great trust HOBART has in the REPA Group and we are determined to offer the best spare parts service in the whole of Europe."

Silvio Koch, Vice President and General Manager of HOBART, adds: „A first-class spare parts supply combined with short delivery times are core objectives for supporting our partners in the after-sales service of HOBART machines. We are convinced that partnering with The REPA Group will ensure to do that in the best way across Europe. The REPA Group has state-of-the art online platforms enabling our customers easy and fast access to HOBART’s full range of original spare parts coupled with extremely fast delivery times. By intensifying our partnership with REPA, we are complementing our already excellent service."

The full range of original HOBART Spares will be available from GEV and LF: www.gev-online.com and www.lfspareparts724.com
